BERMANFALK Expands Product Offerings Introductions at the Las Vegas Furniture Market

Vancouver, BC – In a strategic move to expand two of its most popular product families, BERMANFALK will introduce two greatly expanded collections at the much anticipated, first annual Las Vegas Furniture Market.

The key additions will complete the Sabre and Empress Collections offering beautiful, solid maple pieces for living, dining and sleeping. New and existing pieces will be on display at the show in booth #C4334 during show dates from July 25-29, 2005.

New pieces will be added to the popular Sabre collection; a collection manufactured from solid maple and distinguished by tall, gracefully curved legs. An eight drawer dresser and bench will join the sleeping category, along with a new armoire, coffee table and sofa table in the living category, and a 54" and 60" round table in the dining category.

The Empress collection is a fusion of modern design and classic elegance. Four new products, including a new bed, eight drawer dresser, dining table and sideboard, will provide designers with significantly more design scheme versatility.

Located near Vancouver, BERMANFALK designs and manufactures a variety of collections for luxurious living. Described as transitional elegance, BERMANFALK is ideal for those who want to create emotive, enduring interiors that define individual style.
