BERMANFALK TO INTRODUCE EXOTIC COLLECTIONS BY JOEL DESSAULE

Vancouver, BC – Luxury Transitional casegoods manufacturer BERMANFALK is poised to introduce two exciting new collections from renowned California Designer Joel Dessaules. Both collections reflect BERMANFALK's continued commitment to design leadership, exceptional materials and uncompromising craftsmanship.

The new Kalahari Dining collection is both bold in form and subtle in detail. Pedestal tables showcase exotic starburst veneered Macassar Ebony tops and contrasting sculptural bases. Complementing the tables are striking casepeices of generous proportion, also featuring Macassar Ebony doors and contrasting cases.

The new Parisian Sleeping and Living collections unite elegant Continental forms with a sleek transitional profile. Exotic Macassar Ebony cases are balanced with elegant, richly coloured stained Maple bases.

The introduction of these collections from Joel Dessaulles demonstrates BERMANFALK's ongoing principle of design leadership through relationships with top designers. Mr. Dessaulles is co-founder of *LDC design studio* and a sought-after interior designer in Southern California. Having established his signature brand of furniture style through his private practice over the past decade, Mr. Dessaulles is now able to bring his designs to a broader audience.

Joel Dessaulles

"Finding beauty in simplicity is my inspiration. Balance and harmony are the building blocks of a quality life. Style is foremost, but without quality craftsmanship and attention to detail no design can stand alone."

The collections will be unveiled for the first time October 16th at the fall High Point Furniture Market in BERMANFALK's new showroom. Located on the 6th floor of the Commerce & Design Building, the new 3,000 square foot showroom is a welcome permanent home for this growing company.

Located near Vancouver, BERMANFALK designs and manufactures a variety of collections for luxurious living. Described as transitional elegance, BERMANFALK is ideal for those who want to create emotive, enduring interiors that define individual style.
